

**Sub-Divisional Disaster Management Plan
For South West Monsoon
Under
Kamalpur Sub-Division**

2011-2012

Phone No- 03826-262222
e-mail : sdmkamalpur@gmail.com

Preface

The Kamalpur Sub- Division is located in between the two big hill ranges of Tripura i.e Atharamura and Longtharai hill. Athramura has surrounded more than half part of its western side. On the eastern side, the Longtharai hill range has surrounded a major portion. Kamalpur Sub-Division is bifurcated and Ambassa Sub-Division was created on April 1998 under Dhalai District. The Sub-Division is bounded by Bangladesh in the North, North-East and North West, Kailashahar and :Longthatai Valley Sub-Divisions in the East. Ambassa Sub-Division in the South and Khowai Sub-Division in the West. The total area of Kamalpur Sub-Division is 96,189.14 acres i.e 385 Sq. Kilometer. Entire Sub-Division contains Plain land, Lunga, River valley and Tilla land simultaneously, while Sub-Divisional H.Q. is located in plain land. Traditionally it is a mixed populated area.

Kamalpur Sub – Division is mainly affected by storm, cyclone and flood where occurrence of drought is rare. No major earth quake has been experienced till date.

Consulting with all the agencies of different departments of Sub – Division level action plan for 2011-2012 has been prepared to combat any kind any kind of disaster in this Sub-Division. While doing so it is kept in mind that this action plan is a continuous process and will be updated every year through joint meeting with all line Departments. Any appropriate suggestion from any Department / agencies in this regard will be accepted and included in the action plan.

1. Name of B.D.O.: - Manik Lal Baidya
2. Name E.O. Kamalpur NP:- J.V. Duati.

1.Introduction :-

Natural disasters have been one of the worst enemies of mankind since time immemorial, and various efforts have been made to control, mitigate or manage them. Though none of these efforts have been found fully successful. We have come to realize that natural disasters cannot be controlled, and hence our direction has to be towards managing them to the best of our advantage. One important point to be noted here is that though we cannot control natural disastrous phenomenon, we can however, increase their fury with our actions, and this is what we have to avoid as part of our disaster management efforts.

In order to be able achieve all these objectives; the prime need is for collective action of the entire community, and for organizing such a movement. The only river namely 'Dhalai' is flowing towards north direction and her danger level is 32.50 meters.. Every year, it causes flood, which results adverse impacts in the community. Following areas are affected annually:-

(1)Houses and land damage / destroy due to erosion.(2) Household items damage / destroy (3)Loss of lives and injury (4) Livestock / cattle loss /death (5)Water born diseases (6) Transport problems (7) Livelihood problem (8) Crop field damage etc.

As we know, hazard is out of control. But if we increase our capacity, reducing vulnerability, we will be able to avoid disaster. This is why; a well planned Flood Management Plan is required for the Sub-Division to reduce vulnerability and risk.

2.Flood in Kamalpur Sub Division:-

Dhalai River is flowing south to north direction. Every year due to heavy rain as occurred flood especially in the low lane area of Kalachari, Methermia , Malaya, and Manikbhander Areas. No flood has occurred during the year 2010-11. In the year 1962, 1984 and 1999 has occurred severe flood in Kamalpur Sub–Division and for which heavy losses of crops and dwelling houses and cattle are took place in the Sub –Division.

3. Kamalpur Sub-Division at a Glance: -

Area : 96,184.16 acres (385 Sq.Kms).

Population : 1,34,139. (2001 Census)

4. History of flood:-

Type of Hazard	Year of Occurrence	Area effected	Impact on life	Livelihood	Water Level (Mtr)
Flood	1962	Malaya, Mohanpur, Maracherra, Barasurma, Kalachari, Halhuli, Manikbhandar, Halhali, Methirmia,	Destruction of dwelling house. Out break of diarrhea within the effected area	Damage of crop, orchard, garden, dwelling house etc.	
Flood	1984				
Flood	1999				
Flood	2001				
Flood	2004				
Flood	2009				

Biggest Flood in the Sub Division:

Year : 1962

Reason : Heavy rain

Sufferings : This flood, affected in all sectors such as house damage, household item damage. Water born diseases also appeared.

Lesson learnt

Each flood is a nightmare for the people living in low land area or in extreme riverbank. There are Risk for (i) House damage, (ii) Documents damage / destroy (iii) Household items damage/ destroy (iv) Death/ missing (v) Problem with cattle (vi) Water born diseases (vii) problem with livelihood (viii) problem with vulnerable groups. (ix) Crop damage (x) Communication/ transport problem etc. So Identification of vulnerability, analysis of capacity and basing on them, preparedness and response measures should be undertaken before the flood season to reduce adverse impact of disasters. This bitter experience resulted us to prepare the present Sub Divisional level Disaster Response and Management Plan, where vulnerability and capacity has been identified through area visit, interaction with the affected families and preparedness and response measures has been adopted basing on the field experience and reports.

5. Affects / damage due to flood :-

Various areas were affected in various sectors as per vulnerability. Here following table is stating the idea of losses and affects took place in the last few floods in the Sub Division:

Type of hazard	Jan-March				April - June				July – Sept.				Oct-Dec.			
	H	C	A	I	H	C	A	I	H	C	A	I	H	C	A	I
Cyclone	H	C	A	I	H	C	A	I	H	C	A	I	H	C	A	I

10	Sri Kalyan Bhattacharjee	Member	O/O the Sub – Divisional Magistrete, Kamalpur	
11.	Sri Abhijit Chaudhury	Member	O/O the Sub – Divisional Magistrete, Kamalpur	
12.	Sri Biswajit Debbarma	Member	O/O the Sub – Divisional Magistrete, Kamalpur	
13.	Sri Bijoy Mohan Tripura	Member	O/O the Sub – Divisional Magistrete, Kamalpur	
14.	Sri Astt. Nazir	Member	O/O the Sub – Divisional Magistrete, Kamalpur	

Transport Management Team:

SI.No.	Name / Designation	Position	Address	Remarks
1.	SDM., Kamalpur	Coordinator	Kamalpur Sub – Division	
2.	Secy. TMSU, Kamalpur	Member	Kamalpur Sub – Division	
3.	Secy. Auto Rikswa, Kmp	Member	Kamalpur Sub - Division	

Infrastructure Management Team:

SI.No.	Name / Designation	Position	Address	Remarks
1.	S.D.O., PWD (R & B)	Coordinator	Kamalpur Sub – Division	
2.	S.D.O., PWD (DWS)	Member	Kamalpur Sub – Division	
3.	S.D.O. PWD (WR) Kmp	Member	Kamalpur Sub – Division	
4.	Sr. Manager, TSECL	Member	Kamalpur Sub – Division	
5.	B.D.O., Salema	Member	Kamalpur Sub – Division	
6.	Sri Dulal Ghosh JE, Kmp. NP	Member	Kamalpur Sub – Division	
7.	02 JE for Salema Block	Member	Kamalpur Sub - Division	

Animal Resource Management Team:

SI.No.	Name / Designation	Position	Address	Remarks
1.	The V.A.S. Kamalpur	Coordinator	Kamalpur Sub – Division	
2.	Suptd. Of Fisheries, Avanga	Member	Kamalpur Sub – Division	
3.	S.A., Kamalpur	Member	Kamalpur Sub - Division	
4.	Sri Bijoy Mohan Tripura	Member	Kamalpur Sub - Division	
5.	Sri Nitish Chaudhury	Member	Kamalpur Sub - Division	

12. Training of Volunteers on Flood rescue purpose:-

Training of flood rescue purpose done by Green World Samaj Kalyan, Harerkhola has been conducted in the Kamalpur Sub _ Division and a Mock Drill has also been conducted at Kamalpur SDM's Office pond on 15th May ,2010 at 11:00 a.m., with the help of O/C Fire Service, Green World SHG Group, Health Deptt. , PWD R & B Deptt., a group of volunteers of Kamalpur Govt. Degree College and the members of local club participated. As a part of Mock Drill a big size Halogen Light was shown in the demonstrated in the artificial affected areas.

13. Flood Equipment Chart (Sub Division wise)

For response activities, stockpiling of equipments and availability of the same in time is very important to reduce loss. In that view present plan is emphasizing to stockpile the materials in advance and to ensure easy availability to the volunteers.

Here the contingency Plan of line department has also been mentioned.

For Medical and First Aid

Area	Department	Materials available	Quantity	Contact No	Contingency Plan
Salema Block and Kamalpur Nagar Panchayet area	Health (SDMO, Kamalpur)	(i)IV Fluid (ii)Anti diarrhea medicines (iii)Antibiotic (iv)Accomodatatio n –BSM Hospital Kamalpur (v)Water purifier	–	Dr. S.D.M.O., Kamalpur Maracherra PHC Nakashi Para PHC Salema PHC	By SDMO,Kamalpur Ph.- 262-232 Ph.- Ph.- 261-405 Ph.-

For Evacuation, Search and Rescue
