

**TOUR NOTE OF ABHISHEK SINGH, IAS, DM & COLLECTOR, DHALAI
DISTRICT TO VISIT KULAI, AMBASSA RD BLOCK ON 06TH APRIL, 2012.**

06.04.2012:

I visited Kulai in Ambassa RD Block along with the Sabhadhipati, Sahakari Sabhadhipati, Dhalai Zilla Parishad, representatives of PRI; SDM, Ambassa, BDO, Ambassa; EE, WR, Kamalpur; EE, DWS, Ambassa; EE RDD-I, Jawaharnagar; Dy. Director, Agriculture, Dhalai and other officials of line departments. A brief discussion was held in the O/o the Ambassa Panchayet Samiti and thereafter visits to the work sites was made. Following decisions were taken during the discussion and the field visits.

1. Dy. Director, Agriculture, Dhalai shall pursue the sanction of Special Project for development of Agricultural Market at Kulai under Rashtriya Krishi Bikas Yojana (RKBY). A copy of proposal shall be shared with DM & Collector, Dhalai.
2. EE, RDD-I and BDO, Ambassa shall prepare detailed Integrated Development Plan of Kulai on the pattern of Salema Development Plan under ACA/SPA and shall submit the concept note with respect to different components in consultation with PRIs by 20th April, 2012.
3. EE, DWS, Ambassa shall explore the technical feasibility of extending of pipeline/ points in the Kulai area keeping in view of limitations involved. He shall also explore providing alternative source of drinking water in Kulai GP area, if required.
4. EE, WR, Kamalpur shall submit the proposal for flood protection/ embankment over Dhalai River at various places as discussed, to BDO, Ambassa who shall in turn place the fund from the Block and District share under MGNREGA.
EE, WR, Kamalpur shall also ensure functioning of all LI/MI schemes in the area with necessary assistance from PRIs. The Block Development Officer, Ambassa shall get the minor repairs of LI/MI schemes done through the Engineers/ Work Assistants of WR department from the 13th Finance Commission Grant available with the Panchayet/ Block. The major repairs to be done by the WR department form their own sources.
5. A proposal for upgradation of town hall at Kulai shall be prepared by EE, RDD-I and should be submitted to DM, Dhalai through SDM, Ambassa.
6. The LA Collector, Dhalai shall expedite acquisition of approach road/area for the construction of Dhalai Bridge.

7. It was reported that an SC Boarding House at Uttar Nalicherra is in damaged condition and not been repaired as was done for ST Boarding House in the previous year. EE, RDD-I shall prepare the estimate for upgradation of the SC Boarding House at Uttar Nalicherra and take up the work at the earliest.
8. EE, DWS, Ambassa shall take up the work of water tank extension at the Uttar Nalicherra School which is reported to be small and insufficient to cater to the students of the school.
9. The EE, DWS shall put up for change of location for the drinking water supplying infrastructure at District Hospital, Dhalai for the reason of soft bearing sub-soil strata in consultation with Health Department.
10. The SE, PWD is requested to take up the matter with HSCL with regard to damaged approach road near Kachimcherra; expediting the construction of road from KA road to Ghantacherra.
11. The EE, WR, Kamalpur was requested to complete the ongoing works diversion scheme at Ghantacherra and necessary tie-up with MGNREGA for providing flood protection infrastructure in the vicinity. He shall also undertake the feasibility study for proposed diversion scheme at Nalicherra and take necessary action accordingly.
12. The site for 150 MT go-down for fertilizers was finalized near Tribal Rest House, Nalicherra. However, it was decided that more area is to be provided for the same after clearing the nearby up land. A separate approach should also be provided for the same. Dy. Director, Agriculture, Dhalai shall look into the matter and take necessary action for initiating allotment proposal, if required in consultation with SDM, Ambassa.

Thereafter, we visited the Kachucherra, where the construction of market shed for vegetable market is yet to be taken up by EE, RDD-I under BADP. He was directed to ensure taking up the work and its completion at the earliest. The land for soil testing laboratory could not be finalized during the visit. However, it was requested that 1-3 sites proposals may be prepared as per the requirement of Agriculture Department and be sent to the competent authority for necessary approval.

All concerned officials requested to take necessary action as mentioned above and submit action taken reply within 15 days.
